Punch Mints X Blue Dream  
Live Rosin Elevated Infusions

36% - 41% THC  
2.5%-3.5% Terps

## Elevated Infusions

The news fans of the-best-of-the-best have been waiting for! Partake's Punch Mints pre-rolls, infused with Astrolab's Nuken live rosin. Together! Finally! An infused pre-roll that has a punch... without the negative aftertaste that has plagued a lot of lesser infused pre-rolls.

If you are a true cannabis connoisseur, you likely know that Partake grows only real. craft. flower. And you know that live rosin is the way to go for added cannabis flavours without the chemical aftertaste. So, not unlike choosing just the right wine to go with that special meal, we experimented with a variety of our strains and Astrolab's rosins before we found this sweet smoking combination.

Experience for yourself the impact of our flavourful Punch Mint strain (itself a cross of Platinum Punch Remix and Kush Mints) infused with Astrolab's over-the-moon Blue Dream live rosin. Be amongst the first to try our very first - and finest thus far- infused pre-roll!

Landon Yarmuch, Master Grower
